Based on information provided by your employer,

- You are eligible to contribute on a pre-tax basis up to the regular contribution deferral limit set by the IRS, and in effect for the calendar year.
- Any additional Age 50+ age based catch-up contributions must be made on a Roth basis.
- Please plan your annual deferral elections accordingly.
- You may adjust your deferral elections at any time. You may elect to cease contributions at any time by setting your deferral election(s) to zero.
- To adjust your deferral elections and for more information on IRS limits and applicable regulations, please visit your account online via the web address provided in this confirmation or complete a deferral election form if applicable.

If your Plan does not provide a Roth contribution program, you are not eligible to contribute Age 50+ age based catch-up contributions. Please plan your contribution deferral elections accordingly.
